Mount Isa City Council Owned

Enterprises Pty Ltd (MICCOE)

Board Director Roles

(Voluntary Positions)

Information Pack

Overview

Mount Isa City Council established Mount Isa City Council Owned Enterprises Pty Ltd in 2015 which covers the management and promotion of the Outback at Isa, Civic Centre and Buchanan Park facilities. There are currently opportunities to join the MICCOE board as an Independent Board Director with options to also be appointed as the Chair and assist in driving the direction of the city's tourism and entertainment venues with Council's support.

It is expected that new independent directors would bring to the board expertise and skills in tourism related to experience in the development of sustainable visitor experiences, and the development of city and regional tourist attractions.

Currently, all board positions are voluntary roles. This opportunity would require a commitment of at least 2-4 hours every 6-8 weeks to actively participate in board meetings.

Facility Description

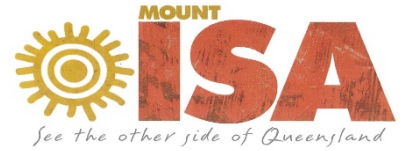

At Outback at Isa, Mount Isa's major tourism facility, you will find the Mount Isa Visitor Information Centre, Hard Times Mine Underground Tour, Isa Experience and Outback Park, the Mount Isa Regional Art Gallery, Riversleigh Fossil Centre, and the Outback Cafe.

The Hard Times Mine tour is a unique experience. Descending into the mine in the Alimak Cage, you begin to explore the history of mining as the guides enthral you with their stories of the good times and the hard times that they had working deep under the earth. See how the tunnels are formed and shaped by the majestic boom drills and mucking units. Get up close with the machinery and try your hand at the air-leg drill and feel the earth rumble with the firing of the blast face. These magnificent experiences will stay with you forever.

The Riversleigh Fossil Centre has recently had a \$2.1m refurbishment completed in June 2020. This state of the art facility educates and interprets for visitors the fossils extracted from the nearby Riversleigh Fossil Fields. Now a World Heritage Area, the fossils fields are home to one of the most significant and exciting fossil deposits in the world.

The Mount Isa Civic Centre offers a range of products and services, with a diverse range of spaces available to suit each individuals' particular needs. With venue spaces allowing for diversity in production ranging from conferences to dramatic performance, comedy or music.

Completed in 2008, the Buchanan Park Events Complex is the award-winning venue of choice for all events - home to the largest (and richest) rodeo in the Southern Hemisphere as well as the largest mining exposition on the eastern seaboard. This venue has also played host to touring headline acts (such as Jimmy Barnes, James Blundell, and Kate Cebrano), motorsport shows (Extreme Monster Trucks, and Crusty Demons of Dirt), right down to local business meetings and conferences, and of course the famous Mount Isa Rodeo and Mount Isa Mining Expo.
