

Centennial Place will be the green heart of Mount Isa's Central Business District. It will provide the local community and visitors with a true activated people place whilst acknowledging Mount Isa as a City and its Indigenous Culture.

Centennial Place is a place for acknowledgment, activities and connection.

It is a place for one and all.

## Celebration

Celebrating and acknowledging Mount Isa's strong mining presence as well as its cultural and Indigenous history and looking ahead to ensure Centennial Place will remain a place for all future generations to enjoy.

## Recreation

Create an activated green heart within the CBD which supports and provides opportunities for a variety of activities so both the community and visitors can enjoy at any time of the day or night.

## Connection

Improved connectivity and wayfinding will provide a unique gateway and strong linkages to the broader CBD and Civic Precinct as well as creating opportunities for locals and visitors to connect to place, with nature and with each other.

# CONCEPT A

Planting area with large shade trees, low shrubs and groundcovers.

Terraced concrete seating in lawn (min. 450mm H).

Sloped central lawn.

Shade trees surrounding lawn edge.

Low concrete seating wall (min. 450mm H).
