The function of the Miners Memorial Advisory Committee is to make recommendations to the Mount Isa City Council. It has no authority to raise money independently of the Mount Isa City Council but will be encouraged to assist in fundraising or raising ideas as to how to raise money.

The governing of this Committee shall be under the leadership of the Chair of the Committee and the Committee will have the authority to appoint new members from time to time. The appointment of such members will be by the person being moved and seconded and agreed to by majority vote.

Elected Members of the Mount Isa City Council are welcome to attend the meetings of the Committee but will not be allowed to move or second motions or vote on such motions as they will be the decision makers when the recommendations go forward for Council approval or otherwise. The above conditions apply to Council staff.

The Mayor and Deputy Mayor shall be ex-officio members of the Committee with full voting rights and with the ability to Move and Second motions.

The Council Officers shall be responsible for the recording of the meeting minutes of the advisory Committee as well as informing members of the Committee of the time, date and venue of all meetings. If meetings are arranged to seek support, financial or otherwise for the project the Chair of the Advisory Committee shall be invited to attend such deputations. 4.2 MOUNT ISA CITY COUNCIL UPDATE OF WORKS

Officer Report

Manager Economic and Community Development Mr Brian Atherinos advised the Committee of Council's progress:

Procurement Process

- The appointment of CA Architects
- The works schedule for the Miners Memorial concept and design works
- Stakeholder engagement plan (community feedback processes)

Separate entity with DGR (deductible gift recipient status)

Manager Finance and Information Technology, Stephen Richardson to provide update.

Site Locations

- Council have identified areas of
 - George McCoy Park
 - Civic Centre Lawns
 - Outback at Isa

Frank Aston Centre is not considered because of the integrity of the site has come into question.

The Council invited the Miners Memorial Advisory Committee present their top three site considerations to allow for a Council decision to made, this will then inform CA Architects of preferred site for concept and planning works to commence.

Committee Discussion Item 4.2

- Committee expressed their disappointment that they were not consulted on the engagement of CA Architects by Council for this project, the Committee was under the impression that a shortlist would be provided for their consideration in making a recommendation to Council. Committee shouldn't be asked to simply endorse Council action when they haven't been part of the process.
- Further, many of the Committee travel to Mount Isa for these meetings at their own expense, the architects engaged by Council should have been represented at the meeting so they could address the Committee.

COMMITTEE RESOLUTION MMACM02/02/22

Moved: Member Clint Brennan Seconded: Member Craig Clewes

THAT a Special Meeting of the Advisory Committee be held as soon as possible with CA Architects and that Mount Isa City Council reimburse the travel and accommodation costs of external Committee members coming to Mount Isa to attend the special meeting.

CARRIED

Committee Discussion Item 4.2 continued

Proposed locations for the memorial were discussed by the Committee.

The Committee discussed the need for the memorial to be in a special location for the families of deceased mine workers to visit, it needs to be respectful and truthful about how the people met their fates. Memorials are also locations to visit and they do draw visitors to the city.

The following locations were put forward by the Advisory Committee for further investigation:

- Parkside Playway Park
- Frank Aston Hill
- Outside the Swimming Pool
- MIM Greenbelt
- George McCoy Park
- Outback at Isa

The Committee raised the question of locations currently leased by MIM. Maryann advised that MIM would consider gifting land if needed, they could make that decision quite quickly however State transfer of the land to Council takes time to process.

The Chair welcomed further location submissions and asked they be emailed in as soon as possible.

The Committee can then refine the locations list down to three preferred options for the architects.

ACTION: An officers brief be prepared on the Committee's list of location suggestions with

relevant information (e.g. Area, Accessibility, Tenure and Services) provided on each

for their consideration.

ACTION: Advisory Committee consider the list with a view to narrow the list down to three options

which can be put forward to the architects for assessment.

COMMITTEE RESOLUTION MMACM03/02/22

Moved: Member John Moran Seconded: Member Georgie Lucas

THAT the Frank Aston Hill Site be considered with the view that any integrity issues have the

potential to be resolved as part of the development.

CARRIED

Committee Discussion Item 4.2 continued

An addendum report was provided by Council Manager Finance & Information Technology at the meeting to address the ability of the Committee to fund raise as a separate entity with DGR (deductible gift recipient status). The Committee thanked the officer for the report and suggested a decision on this matter be deferred until the Committee had addressed higher priority issues first.

ITEM 4.2 FORMAL RECEIVED

4.3 MEMORIAL RECOGNITION

The Advisory Committee discussed options for memorial recognition.

The Committee agreed that the memorial should recognise all mine workers and not just miners, the memorial will include contractors and workers of all different job descriptions.

COMMITTEE RESOLUTION MMACM04/02/22

Moved: Member John Moran Seconded: Member Craig Clewes

THAT the memorial be known as the Mine Workers Memorial.

CARRIED

The Committee discussed the locations to be included in the memorial.

The North West Minerals Province was discussed as it includes locals who work in neighbouring mines, many within Mount Isa's boundaries. The future of the north west minerals province is strong and would be inclusive of historical, existing and future mine developments for this region making the memorial relevant for future generations of north west mine workers.

The Committee discussed the feasibility of capturing everyone who would fall under the North West Minerals Province. There are 150 fatalities on the Mount Isa Mines and Hilton Mine official list.

The Committee considered the options of expanding the memorial's recognition to the North West region in the future. Chair invited the Committee to consider coming forward with suggestions at the next meeting.

COMMITTEE RESOLUTION MMACM05/02/22

Moved: Member John Moran Seconded: Member Steve Trevor

THAT the Miner Workers Memorial be dedicated to those miners and surface workers who lost their lives in industrial accidents which occurred at the Mount Isa and Hilton Mine as per the Queensland Government's Department of Mines official listing of fatalities dating back to 1929.

CARRIED 9/4

4.4 FUND RAISING

The Advisory Committee discussed funding options for the memorial.

The Chair questioned the possibility of Mount Isa Mines providing a payroll deduction for the express purposes of the memorial. Maryann advised that the company would give the funding proposal consideration.

COMMITTEE RESOLUTION MMACM06/02/22

Moved: Member Mick Bakhash Seconded: Member John Moran

THAT Mount Isa City Council enter into discussions with Mount Isa Mines on the possibility of a payroll deduction scheme being introduced to assist in the development of the Mine Workers Memorial.

CARRIED

The Chair advised the <u>Committee of the Resources Community Infrastructure Fund</u> is for mining communities. There were a number of submissions from Mount Isa that weren't successful. There is an advisory Committee that reviews the applications. Round 1 is completed and Round 2 will be announced soon. Things need to move quickly if this project is to be ready to apply for this funding.

COMMITTEE RESOLUTION MMACM07/02/22

Moved: Member Luke Johnson Seconded: Member Erwin Raffetseder

THAT Mount Isa City Council take immediate steps to facilitate an application from the Resources Community Infrastructure Fund towards the building of this project.

CARRIED

5 GENERAL BUSINESS

The Committee congratulated Maryann Wipaki, General Manager Health, Safety, Environment and Community (HSEC) for Glencore's Queensland Metals who has won the award for Exceptional Woman in Queensland Resources at the prestigious QRC/WIMARQ Resources Awards for Women.

Steve raised the issue of inaccuracies in the list of fatalities. Georgie suggested writing to resources, safety and health if they have a list and are they able to provide additional information due to inaccuracies and can it be released to the Committee. It needs to be one list that all are working on, rather than having multiple lists.

ACTION: Manager Economic and Community Development write to Resources, Safety and Health Queensland for a list of fatalities for Mount Isa and Hilton Mines, requesting any

additional information they have on file be provided to the Mine Workers Memorial Committee for the purposes of recognising those names on the memorial.

The Committee discussed the launch date and Brian advised that this will become clear in discussions with the architects and in compliance with funding approvals.

Mayor asked if Mount Isa Mines would be willing to contribute content to the memorial, for example minerals. Maryann advised that Mount Isa Mines could potentially provide historical equipment or materials such as metals for the project.

The Committee discussed the great improvements that have occurred with health and safety in the decrease in fatalities over the years and how that is part of the story that needs to be told by the memorial as well. Chair asked Maryann to provide the figures.

Member Introduction: Clint Brennan has been in Mount Isa since 1965, has worked in the mine, done trade and rehabilitation through the mines and worked at Outback at Isa.

Member Introduction: Luke Johnson resident of Mount Isa for 25 years, came out to Isa on a Bakers apprenticeship, currently employed by Mount Isa Mines as a development supervisor underground. Luke is passionate about the history of Mount Isa and work at Hard Times Mine as a tour guide.

The Council Team present, thanked the Committee for their contribution to the project and apologised for the miscommunication but they have heard the Committee's feedback and the information will be provided on the contract parameters and a special meeting arranged so the Committee can go ahead with the tools they need.

Ross Prowd, Event Coordinator 100 Years Celebration advised of his role with Council for the 100 Years Celebrations and welcomed the Committee's input.

The Chair commended the Committee on their participation in the meeting, all members contributed to the discussion which shows the passion the members have for this project.

7 CLOSURE

There being no further business the Meeting closed at 3:18 pm.

The minutes of this meeting were confirmed at the Miners Memorial Advisory Committee held on Thursday 21 April 2022 at 1:00 pm in the Council Chambers.

RECOMMENDATION

THAT the Minutes of the Mount Isa 100 Years Celebration Advisory Committee held on 15 March 2022 be received and the recommendations therein be adopted.

COMMITTEE RECOMMENDATIONS

The Advisory Committee provides the following recommendation for Council adoption, Council adopted:

8.1 MEMBERSHIP - 100 YEARS CELEBRATION ADVISORY COMMITTEE

• Presented at the meeting, Cr Peta MacRae submitted the following email to Councillors for Committee consideration:

"While most were working elsewhere last week, I attended the Queensland Country Bank Annual General Meeting (AGM). I then realised that I had been remiss in identifying them as key stakeholders that have an interest in the celebration. Mount Isa is their original home, hence their return for their AGM each year. I approached the Chair, Christine, and she was very enthusiastic to have one of their Board join the committee. She has nominated **Karen Read** to join us and we are hopefully going to formalise this process at the meeting tomorrow. Penny and Ross have been made aware so they can organise to have processes in place to welcome Karen to the committee.

I am sure most of you know Karen (although I didn't personally) as she sits on the Mount Isa Water Board, is Chair of the Qld Country Credit Union Board as well as her work with QCB."

COMMITTEE RESOLUTION MI01/03/22

Moved: Natalie Flecker Seconded: Emma Harman

THAT Mount Isa City Council invite **Karen Read** to join the 100 Years Celebrations Advisory Committee as a permanent member of the Committee.

8.1 OUR TOWN PROPOSAL

Document Number: 763618

Author: Tourism and Marketing Officer

Authoriser: Director Corporate and Community

Directorate: Corporate and CommunityCorporate and Community

Portfolio: Tourism, Events, Sports and Recreation, Library

EXECUTIVE SUMMARY

Council has been approached to engage Visage Productions to film one 30-minute episode for television series Our Town which airs on 7TWO. Council has been asked to contribute 50% at \$20,000 and filming the week of Rodeo and the Isa Street Festival.

RECOMMENDATION

THAT Council

Accept the proposal presented by Our Towns for \$20,000 with collaborations from others (Approached by Visage Productions directly) totalling \$40,000 to produce the episode.

BACKGROUND

Council was approached by Lee Loraine of Visage Productions originally in 2019 pre-Covid-19 pandemic to film a 30-minute episode on Mount Isa for \$40,000. Once the pandemic commenced, the discussions ceased.

The 2022 proposal suggests that Council accept half of the costs at \$20,000 to bring the filming to town and Lee Loraine will seek other financial collaborators and offer them some of the airtime in exchange for \$5,000 or \$10,000 contributions. \$40,000 is required to proceed with filming which is GST exclusive and this includes crew travel and accommodation.

Filming is proposed for Rodeo Week in August 2022 for five (5) days of which footage will be taken of local business, local talent, Isa Street Festival and Rodeo. Council will own all the raw footage and edited footage which will be used for Centenary advertising and marketing in 2023 to promote the city and in particular the Isa Street Festival.

Payment of \$20,000 for Our Town will negate the need to hire a videographer for the Isa Street Festival which is upwards of \$6000 - \$15,000 based on biannual City of Opportunity filming in the past. Filming for 2022 has been budgeted for. The \$20,000 will also be spent over two financial years using existing budget.

The episode will air in the latter quarter of 2022 and will serve as a platform to advertise the City of Mount Isa in preparation for our 2023 Centenary to 65,000 weekly viewers. The proposal also includes exposure on Our Town social media with post reach of up to 288,000 viewers and a following of 8,000.

Visage Productions need to lock in the 10 episodes by May in preparation for filming in June 2022 and as such have commenced approaching Glencore, Commerce North West and their other mining affiliates to seek financial contributions in exchange for airtime. Currently, Austral have indicated

Item 8.1 Page 27

their interest in contributing \$10,000 towards production which leaves \$10,000 remaining should Council pledge \$20,000 to the project.

OVERVIEW

Our Town produced by Visage Productions have submitted a proposal to film one 30-minute episode for the 2022 season which features 10 episodes total and airs on 7TWO. \$20,000 has been requested in exchange for 50% of the air time, ownership of all footage and control over the direction and story of the episode. The episode will air by December 2022 and all footage will be used by Council to produce marketing collateral for the 2023 Centenary.

BUDGET AND RESOURCE IMPLICATIONS

Costings are \$20,000 plus staff time the week of filming which is proposed to commence on 9 August 2022. The cost is split over two financial years. \$10,000 will be required in May 2022 to secure the filming and adequate budget exists under City of Opportunity 2120-2090-0014 for FY21/22 and next.

RE: VISAGE TESTIMONIAL

Over the past four years the City of Swan have commissioned Visage to participate in a promotional series of "Our Town". The City has been extremely happy with the work that has been undertaken and have been able to use this work for other promotional activities.

Visage operated in a very professional manner which allowed the City to showcase many opportunities within our municipality (1043km2).

All information that was provided was fact checked to ensure it was correct and they made sure all scripts and media were correct. Lee and his team were easy to contact and communicate with.

The Our Town Series was professionally filmed and managed, which, as stated above, has been used on City websites and social media.

The City's overall experience with Visage was excellent and stress free and we commend Lee and his team on the work they do in telling local stories in support of business and economic development.

Yours sincerely

To Whom it May Concern,

Visage Productions

QER is a Brisbane-based company working to develop mining and resources projects across Central and Northern Queensland, including in the Gladstone-Bundaberg regions.

In the course of that work, we have engaged Lee Loraine and Visage Productions on the production of segments for the last two "Our Town" series – in 2015 and then again in 2021. I personally worked with Lee on both occasions on the concept development, script and filming of the segment.

The segments gave us the opportunity to showcase QER's development and pilot plant activities as well as our relationship with and contribution to the Gladstone community. The segments were targets to the general public, the local community and our key stakeholders. They provided a high resolution and high quality informational and promotional video which we have been able to use for a range of purposes.

Lee's capability and experience shone through throughout the process. He was very consultative at the front end to understand our company and the messages we wanted to convey. He guided the development of the script, drawing not only on his production skills and experience, but also on his discerning understanding of the audience. If the message was too convoluted or self-serving for example, he wasn't afraid to put forward good alternatives. Lee, along with the camera/audio crew, presenters and editors he engaged were all highly capable and experienced. They were very good at making the local interviewees comfortable and getting the best out of them. They managed the shooting logistics very well and all aspects of the project were on time and on budget. They were also very nice people and very easy to work with. The draft edit was so well done on both occasions that no revisions were required.

The 2021 segment aired only recently and was very well received. We will continue to use it in our visitors centre and for promotional purposes well into the future.

I can unreservedly recommend Lee Loraine and Visage Productions to any future client.

I'm very grateful for the service they have provided for us and will provide for us into the future.

Yours faithfully,

Peter Zambelli General Manager

8.2 MOUNT ISA CITY COUNCIL ENTERPRISES PTY LTD. (MICCOE) SUBSIDY

Document Number: 764432

Author: Manager Finance and Information Technology

Authoriser: Director Corporate and Community

Directorate: Corporate and CommunityCorporate and Community

Portfolio: Finance, Customer Services, Economic Development, Promotion &

Community Development, Arts

EXECUTIVE SUMMARY

This report on MICCOE subsidy for FY2021/22 is presented to the Council information and consideration.

RECOMMENDATION

THAT Council approves that the May 2022 MICCOE subsidy payments be brought forward and paid before end of April 2022 to cover any potential cash flow issues within the business for the remainder of the 2022 financial year.

OVERVIEW

Mount Isa City Council Owned Enterprises Pty. Ltd. (MICCOE) operates three (3) Council-owned assets such as the Civic Centre, Outback at Isa, and Buchanan Park. MICCOE does not run at a profit and is supported by a monthly subsidy from Mount Isa City Council (MICC). The MICCOE subsidy of \$1,550,000 was approved by Council in June 2021 Budget meeting (SM04/06/21).

ISSUE

- The budgeting process has historically split the subsidy into equal monthly payments. The amount is approved by Council at the June meeting for the forthcoming financial year.
- MICCOE receives most of its income from Tourism.
- Income is seasonal with the peak being from April to September, typically starting after Easter.

APPROACH

A review of the current financial position of MICCOE following the recent resignation of the General Manager has highlighted an issue with the budgeting and payment of the subsidy. With the effects of Covid-19, MICCOE has reduced cash-flow over the last couple of years largely due to the impact of Covid-19. As a result, cash reserves that were built-up over the tourist season have been diminished during this time. The direct impact of Covid-19 in Mount Isa over the Christmas period has further impacted the cash flow of the business. This was highlighted by a reduction in estimated revenue for the month of February 2022 of over \$60,000.

In addition, MICCOE had an increase in wages due to the unplanned payment of the leave entitlements for the outgoing General Manager. MICCOE also had some unexpected maintenance issues and while likely fitting in the budget, were not allocated to come due at this time.

The historic approach has been to adjust the subsidy in the last quarter to reflect a break even result for the year. A breakeven result is defined, in relation to MICCOE, as a profit or loss not exceeding \$50,000. In the last two financial years this has been a reduction in the subsidy allocated. This may not be the case for the June 2022 financial year.

Item 8.2 Page 38

CURRENT POSITION

The MICCOE operation is at risk of experiencing cash flow issues pending the start of the tourist season. To enhance the outlook for the coming season, there are issues identified which will make Outback at Isa more attractive to visitors. MICCOE also needs to be proactive in ensuring staffing levels are optimal for these peak months. These matters have been discussed and supported by the Interim Chair of MICCOE and will be presented at the next MICCOE Board Meeting (28 March 2022).

With increased sales expected to commence throughout April 2022 and May 2022, the June subsidy should be reviewed in light of actual tourist numbers at that time.
