

Expression of Interest

LOCAL TOURISM ORGANISATION Transition Group

Are you interested in contributing to the value of tourism in Mount Isa?

MICC in partnership with local tourism industry organisation MITA is calling for expressions of interest for up to five (5) individuals or organisation representatives to join the Mount Isa Tourism Industry Transition Group

The role of the group is to provide advice and a recommended operating model to deliver a collaborative, coordinated local tourism organisation for Mount Isa. The Mount Isa Tourism Development strategy recommends transitioning and evolving the Mount Isa Tourism Association to a more sustainable, resourced LTO. The transition group will consult with key stakeholders and other LTOs and consider issues such as membership, revenue streams and reporting structures. It is envisaged a Mount Isa Tourism Board will be appointed as part of the process, along with tourism/administration resources.

We seek those with experience and expertise in Mount Isa Tourism.

Disclaimer:
Please note that your expression of interest is not a request for tender. It is not to be construed as making any express or implied representation, undertaking or commitment by the MICC to enter into any form of contractual or legal relationship with any party. The recommended procurement approach is a competitive two-phase market process (Phase 1— Expression of Interest (E01); Phase 2 — Request for Detailed Proposal (RFDP). This will enable the transition group to work towards a sustainable Local Tourism Organisation and meet MICC's tourism objectives. <i>A decision on your application will be made in the next Council term.</i>
