Amy spoke to the objectives, initiatives and programs PCYC is currently undertaking in the community.

Council received the following two (2) Public Participation Applications in advance of the meeting:

Mr Lee Ellis

Mr Ellis addressed Council to request resumption of the 'Cuppa with a Councillor' meetings.

Mayor MacRae responded, and advised that Councillors will provide an opportunity for the public to meet with Councillors on the Ordinary Meeting days, by opening the doors to the public at 8.30am on these dates.

Mr Ellis requested Council to reconsider the development of a park at the 'dinner camp' (Burke Street) to divert people from the CBD and provide support. The Mayor requested the matter for noting.

Mr Gottfried Kreutz

Mr Kreutz raised concerns about the spread of leucaena trees growing in dense clumps in gullies, open areas and neglected backyards. Will Council declare the plant an invasive weed and eradicate the trees from the city area?

Director Community Services provided a response and advised leucaena is a declared as a local pest and has powers to control it under Council's local laws. Council has secured funding to focus

on the eradication of invasive plants from the Leichhardt River and its tributaries and this work has already commenced in Breakaway Creek. Council will be exercising its powers under the local laws to compel the public to remove leucaena from private land.

Mr Kreutz advised that the computer system and the printer at the Library is not working well and a deterioration in the service has been observed. He asked when will Council direct their IT Department and technicians to fix the problems and simplify the system?

The Director of Community Services provided a response and advised that Council recently resolved an outage of printing at the library, the issues with the cash payment machine is being explored by the service provider. We are scoping an expansion of the printing in the library to allow users to add printing credits to their library card via a top up, providing an additional option to the current cash / credit card payment methods. Council has employed a Digital Librarian that may be able to improve troubleshooting on site. Council is continuing to work to reduce downtime experienced by users.

The Mayor invited a member of the public in the gallery, Mr Max Wilson, to address Council. Mr Wilson raised concerns about the security of Kalkadoon Lion's Park near his home on Delacour Drive, advising that the park is being used by 4 wheelers and motorbikes as a racetrack. Mr Wilson requested Council put in place fencing to stop vehicle access.

The Deputy Mayor Cr K Coghlan, addressed Mr Wilson's concerns and the issue of security in parks across the city. Council plans to improve fencing across all parks as part of an improvement program, subject to budget. I will be dealing with this declarable conflict of interest by leaving the meeting while this matter is discussed and voted on."

## **8 MAYORAL MINUTE**

The Mayor delivered the following Mayoral Minute:

"This month sees us reach the significant milestone of 12 months since the local government elections. Time has flown by, and I would like to recognise some specific achievements and thank some people.

I started the first mayoral minute with the following paragraph, and I will read it again as it remains as true today as it did then.

Firstly, I would like to express my deep appreciation to the community for electing me to be your Mayor. Let it be known that I am extremely happy with the councillors that have been elected, and although we face challenges over this term due to the macroeconomic environment, it has been demonstrated already that you are dedicated to your new positions, and your core priority is creating the best outcomes for the community.

After a year in, it's pretty good that we can still remain true to that and say we've had a great run this year.

Some of the things we've been able to achieve as a team this year is: we've opened the slide at the pool, commissioned the MRF, there's a new park for Camooweal, completed our parks replacement program, celebrated the Civic Centre's 50th birthday, launched our Future Economy Roadmap and held the NQ Sportstar awards here in Mount Isa for the first time in 25 years.

We were there for the last iteration of the previous rodeo and dealt with the fallout out of that and were able to negotiate a strategy to pay out creditors and we're able to see in a new rodeo committee and we wish them the best of luck going forward.

We attended the 100-year events of Glencore the Centenary Ball, the family fun event, community concert, miner's memorial and outdoor movie night.

We saw the opening of the CUC.

Cr Ballard and I did Sober October for RFDS and did our 100 km walk a week for the month.

Welcoming week was celebrated with the citizenship ceremony taking place at Centennial Place and this was a really popular and successful event.

Councillors all went as a united team to the LGAQ conference.

We congratulated our federal member on 50 years in parliament and the CEO and I travelled to Charters Towers to celebrate that.

In September, we held the WQAC right here in Mount Isa and we had Senator Chisholm in attendance and the, now, Minister Leahy, and also Matt Burnett who is the current president of both the LGAQ and ALGA. So, it was great to build on those relationships and understand properly the issue we're facing here in Mount Isa.

In January we had a visit from both the Prime Minister and Premier

We've signed three MOU's with Green Gravity, Flying While and Cobalt Blue.

Councillors will have other things to add during today's General Business that I'm sure they're happy with achieving and I invite them to do that along with saying what they'd like to achieve in the next 12 months.

For the future we look to reestablishing the Cross-Border Alliance and advocating for a Special Economic Zone.

We look forward to seeing what the new Rodeo Committee can deliver.

We will continue to advocate for North West Water to be able to achieve better water pricing for our community.

We also look forward to welcoming a new Director of Corporate Services and Director of Infrastructure Services here at council.

Last week I had the opportunity to present at the Meet the Buyer Forum and the MITEZ Forum and advocate for the Special Economic Zone on behalf of the North West Minerals Province and I'll be continuing to do this on behalf of the ROC next week in Parliament."
