Cost Recovery Fees - The fees outlined below are Cost Recovery Fees in accordance with the <i>Local Government Act 2009 & the Planning Act 2016</i>		
Assessment of Technical Components - Where Council receives an application which requires the assessment of technical components & Council does not have the internal expertise to assess the technical components of the application, the application will incur an assessment fee of \$20,000.00 per technical component. This fee will be utilised by Council to engage an external specialist consultant to assist in the assessment of the application. Where the actual amount of the consultant's fee is greater or less than the \$20,000.00 fee, Council will refund any excess amount to the applicant, or as the case requires, the applicant is required to pay any shortfalls to Council within the invoice period specified. The technical components will be determined by Council on an individual application basis		

	GST	2026/2027
Combined Applications - Applications lodged at the same time which involves more than one development type will incur the full amount of fees payable for each development type included in an application. An example of a combined application is a Material Change of Use application & Reconfiguration of Lot application submitted at the same time over the same parcel. In this instance, 100% of the Material Change of Use fee & 100% of the Reconfiguration of a Lot fee would be applicable to the development		
Refund of Application Fees - NO REFUND will be given in the event of a refusal of an application, or if an applicant decides not to proceed after Council has decided the application. A formal withdrawal of an application will attract the following refunds based on what stage of DA Rules the application is in at the time of withdrawal: Part 1 - Application (80%) Part 2 - Information & Part 3 - Referral (55%) Part 4 - Public Notification (40%) Part 5 - Decision (10%)
